News Briefs

We Have \$1

The Belle Glade Herald received a letter from Willie. There was no other name nor an address. Willie sent us a dollar to pay for an item to be run about a needy family in town. The Herald has contacted two organizations that will see that the family receives help. We still have the dollar, and would like to return it to Willie if he will claim it during the next week. If not, we will add this as a small contribution to the Migrant Fund of the Chamber of Commerce which helps in many emergency need situations throughout the year.

Swimming Pools

The Belle Glade swimming pools will be open Oct. 14 and 15 from 10 to 5 p. m. weather permitting. The pools will then close for the season.

Legislative Clinic

Robert C. De Young, chairman of the Palm Beach County Legislative delegation, announces that there will be a legislative clinic held in the City Hall of West Palm Beach from 9 to 11 a. m. on October 22.

De Young emphasizes that the only matters that will be covered are emergency measures that must be taken up with the delegation prior to reconvening in Tallahassee.

The public is invited.

Legion Post 161

South Bay American Legion Post 161 is having a dance at the Port home on Saturday, Oct. 14 starting at 7 p. m. Donation is \$5.00 per couple.

Clewinson Barbecue

The Clewinson Athletic Council will sponsor a barbecue dinner prior to the football game between Clewinson and Belle Glade Friday.

Serving will begin at 6 p. m. at the football field. The game will start at 8 p. m. Donations will be \$1.50 for adults and \$1 for children under 12. The menu includes barbecue beef, beans, slaw and tea or coffee.

In Belle Glade tickets are on sale at the Belle Glade Machine Works and Donkey's Barber Shop. They will also be available in Clewinson.

Proceeds will go to the Clewinson Athletic Department.

The Commission is still operating with three members and the two vacant seats will be filled in the Oct. 24 election.

Unopposed, Frank Rosenberg, is assured of one of the seats. The other will be a race between Mrs. Doris Sasser and A. J. Gamot.

Lions Have Oneupmanship

The Belle Glade Lions have scored high in Glades 'oneupmanship' as they brought three civic clubs, a school official and Republican Representative Bill James together here.

The three clubs, Rotary, Civitan, and Lions, heard the Governor call on special session? The teachers say they will and the Governor says he won't yet.

Civitan's Meet

At Civitan, Joe Clayton presided in the absence of President, Dick Murray. With Clayton was A. Moens, a visitor from the Netherlands who is here observing mechanization in sugar cane and vegetable growing and harvesting.

The Civitan program was presented by John Weiner, Administrative Assistant in the Business Office of the School Board and Ralph Brown, Director of Maintenance. They reviewed school maintenance and procedures.

The Civitan will be being held in the Halloway Candy store, Clayton said.

The Christmas fruit cake has also been received for Christmas sales.

A minor accident, involving only a bruised shoulder and about \$200 damage, occurred on State Road 80 Wednesday.

City Commission OK's Cemetery Expansion Plan

The Port Mayaca Cemetery expansion was approved by the Belle Glade City Commission Monday.

In approving the negotiation for expansion, Commissioner Bill Bailey asked that final plan be brought before the city before the purchase is finalized.

George L. Williams, in presenting the expansion program said the need was critical and that there is a possibility that negotiations can not be finalized with the only adjoining land owner who is willing to provide expansion room.

The Cemetery now, Williams said, has enough space to perhaps fill the needs for 90 days.

In the plans under consideration, Port Mayaca Groves would immediately make 500 lots available which should last for two years, Williams said.

The agreement would call for additional land to be turned over to the Cemetery trustees as it is needed from the Groves up to 25 acres. At the present rate of use, Williams said, this should provide for the next 50 years.

In the expansion plan if finalized, lot cost will double from present \$50 to \$100. Half of this cost, Williams said will go to the Groves which will develop the site, pave the streets, and provide a new entrance way. Purchased by this way the additional land will be \$25,000 an acre but development cost will take 75% of this, he said.

If the plan is not finalized the Board will either dissolve itself and the upkeep expense will fall back to the cities or they will locate a new cemetery in another location which would increase operating cost by calling for dual operations in maintenance and supervision.

The Cemetery is operated by an independent Board of Trustees and backed by the three Glades municipalities, Belle Glade, Pahokee and South Bay.

Belle Glade and Pahokee have approved the Trustees continuing negotiations. The plan will be presented to the South Bay city commission soon.

In other action the Commission authorized the advertising for public hearing on the annexation of a portion of Third Avenue in Chosen's subdivision as requested by E. D. Alford. The hearing will be held November 13.

The motion was made by Bill J. Bailey and seconded by Davis Kicklighter as his first official action since taking office.

An annexation hearing will be held November 13.

Farmer recently named to serve as the Agricultural Stabilization and Conservation (ASC) Palm Beach County Committee are: E. E. Cooper, Boynton Beach, Chairman; C. A. Thomas, Lake Harbor, Vice Chairman; A. R. Harrington, Canal Point, Member.

Mr. Harrington, was elected for a three year term. Mr. Cooper has two years remaining on his term, and Mr. Thomas has one year remaining on his term. Alternates elected were: J. Ray Hanton, Pahokee, and George A. McMurray, Sr., Delray Beach.

The 1967 election was held at a county convention Oct. 4, 1967 at the Belle Glade ASCS Office, electors were farmers chosen as convention delegates in recent ASCS community election throughout the county.

Chairman Cooper points out that the ASCS county and community farmer committees are in charge of local administration of such national farm programs as the Agricultural Conservation Program, the feed grain program, acreage allotment and marketing quotas, the National Wool Program, the Sugar Program, and commodity price-support loans.

also be held on Nov. 13 for property under Section 30 as requested by the Board of Public Instruction.

In other action the Commission approved:

Glades Needs Foster Homes
The Glades Office of the Palm Beach County Welfare Department is looking for suitable Foster Homes for Adults. They prefer homes that are owned rather than rented and with someone at home during the day as well as night. A homelike atmosphere with access to TV and family activities is the most desirable requirement.

In exchange for the room, meals, and laundry the County Welfare will pay \$106.00 per month, \$6.00 of which is given to the client for his or her own use. These clients sometimes need help for a few months while waiting for a State Welfare grant. Veterans Pension or Social Security to be issued.

They may have been released from a hospital but have no relatives or friends to care for them until they are able to return to work. We have no Foster Homes in this area and clients are reluctant to go to the coastal area of Palm Beach County as it is unfamiliar to them and they feel insecure away from the Glades area.

If you would like to discuss the Foster Home Program, telephone 996-5511, extension 55, and ask to talk with a Social Worker.

THOUGHT OF THE WEEK

Whatever our walk of life, let us do dedicated service.

Lois J. Jordon (India)

NATIONAL NEWSPAPER WEEK Oct. 8-14

SENSING THE NEWS

By Thurman Sensing
EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

LAW VS. IRRESPONSIBILITY

Addressing the International Association of Police Chiefs in September, President Johnson spoke out concerning the riots that the nation has suffered this summer. "Much can be explained," he said, "but nothing can justify the riots of 1967." He pointed out that "they damage the respect and the accommodation among men on which civilized society ultimately depends and without which there can be no progress toward social justice."

The public can be thankful that Mr. Johnson at last had firm words for the rioters, but Americans cannot ignore the fact that the condemnation comes very late. Moreover, Mr. Johnson's words would be more meaningful if the Justice Department and other agencies of the federal government had been advised to take the same line.

It happens, however, that the Justice Department, under Attorney Gen. Ramsey Clark, has taken a very soft line toward the rioters and others who preach strife or engage in civil disobedience. When Stokely Carmichael was raising the roof earlier this summer, triggering violence around the

country, Mr. Clark and his associates apparently couldn't find a law to cover his American activities.

When the South was going through some turmoil a decade ago, the Justice Department always seemed able to find some obscure post-Civil War statute that effectively shut up people the Department didn't favor. Now that the Black Power movement is busy burning cities and causing riots, the Justice Department is strangely helpless.

Many Americans may conclude that Mr. Johnson's speech to the police chiefs is only the smallest of beginnings. What is needed is for the President to set about creating a wholly new atmosphere regarding law and law enforcement. The police need a good word not once every four years but on a continuing basis. The White House needs to let it be known that no group of Americans, no minority in our country, is above the law or exempt from its provisions.

The riots in Newark and Detroit, for example, resulted in losses totaling many millions of dollars. The rioters achieved as much destruction

as an enemy of the U. S. might have achieved with aerobics and home fires. Millions of dollars in salaries and profits went up in smoke. Therefore, it is the duty of the President to make it crystal clear that those who burn and loot are enemies of the American people.

The President of the United States also owes it to the people to exert leadership in upholding law and order. This means, for example, that the President should not hesitate to challenge those organizations which foster strife and disorder and give encouragement to civil disobedience. This kind of leadership has to be exercised, not just with respect to the wild Black Power groups that masquerade as respectable — even religious — organizations.

It is profoundly shocking that the National Council of Churches, which at its recent meeting in Atlanta gave its endorsement to the marches in Milwaukee that have plunged that great middle Western city into strife and disrupted its community and business life.

It is profoundly shocking that the National Council of Churches should lend its weight to the agitators who have spat-ed Milwaukee with violence. The NCC's endorsement of the Milwaukee street demonstrations and of its two leaders, the Rev. James E. Groppi, is one of the most reckless actions that any organization has ever undertaken.

Mayor Henry W. Maier of Milwaukee, a liberal, has denounced Father Groppi in no uncertain terms. Groppi's kind of stage-managed events are doing long-term damage to the city.

Mayor Maier's denunciation should be extended to the national supporters of Rev. Groppi, specifically the NCC. President Johnson, too, owes to the law-abiding people of this nation to denounce not only the Father Groppi's and the Rev. Brown, but the NCC and other organizations that lend their influence to guerrilla warfare in the streets of America.

Unless the irresponsibles are called to account by the President and all the leaders of the nation, the anarchists will keep up their activity and truly try to tear America apart during 1968.

THE DEEP END

By TOM HERAN

This is a recording . . .

In a small schoolhouse laboratory in the hills not far from Tallahassee a group of the talented scientists and technicians are working day and night on a closely guarded secret project — a ROBOT TEACHER.

The first hint that such a project was under way came through a slip of the tongue at a recent Republican cocktail party. Indications are working has been going on for some months and the robot is nearing operational status.

We questioned one of the scientists, who is working on the project and although we can't quote him, he indicated the project is being sponsored by someone high in our state government, and the project's code name is CLAUDE.

An FEA spokesman denied there could be such a project and indicated that even if there was one, the robot would not be eligible for membership. A Classroom Teacher's spokesman indicated that his group would be interested in talking to the robot.

The robot will be programmed to teach a given subject 365 days a year on one set of batteries, the quality of his teaching will be uniform and he will not be programmed to complain or to strike. Robots failing to pass quality control will be placed in other fields.

In comparing the robot with a human teacher we found a few things lacking such as compassion, love, understanding and the ability to look at every child as an individual. These traits are thought to be necessary by some, but others think only in terms of the money the robots will save.

Of course the robot development could lead to its use in other fields such as government, perhaps we could have a robot legislator of even a robot governor. This is something for us to think about now or we are not quite as indispensable as we might believe.

I doubt if any of us would want our children taught by robot teachers programmed by the state. I also doubt that we want our children taught by fresh and blood teachers programmed by self interest power groups.

LOCAL BUSINESS

"Retail advertising is the most important factor in the immediate purchase of new products which reduce labor and make living more pleasant and healthful."

This assertion was made by a suburban retail association attempting to analyze the factors which contribute to community welfare.

More than 20 merchants in suburban retail associations recognize the need for a strong community newspaper. Perhaps this is because he often begins with the aid of a local newspaper and news from experts.

Other things taken for granted in established trade centers and cultural facilities are necessary to the long range commercial and industrial development of any community — suburban or otherwise.

The newspaper is the main unifying force in any community. It is the hub around which other institutions revolve. Both the news sections and advertising play important roles in involving people in community welfare.

News about government and other important issues is important to residents to become local citizens. News about retail goods and services cause local citizens to become regular shoppers in hometown stores.

FROM A MARINE IN VIETNAM

The Danger Is At Night

I am finally in the war. I've been here for three days, and have done nothing other than to try to get oriented to the area, and to our battalion's mission.

Our combat base sits in a valley southwest of Da Nang. We are isolated to the extent that all supplies are brought in by helicopter. The enemy is leading to our area are controlled by Viet Cong and North Vietnamese Army troops. Supplies arrive in great quantities, and are inconspicuous as it seems, our vast effort manages to give us hot food and fresh milk, to say nothing of the ammunition, medical supplies, fuel, and the thousands of other items necessary for war. In only the few days that I've been here I've watched a supersonic jet make strikes on enemy positions in this valley. I've heard hundreds of artillery rounds fired at suspected enemy positions. I've watched company returns to the combat base — tired and frustrated after two day operations. I've seen a dead Viet Cong (VC) and a dead North Vietnamese soldier.

I've yet to have my first personal contact with the enemy in this strange war, but as this battalion continues to accomplish its mission of clearing this valley (or at least clearing it for at least cur-

tail enemy activity), it is inevitable that I'll see the war at much closer quarters. The danger lies generally at night, insofar as defending this base. Making this base is a fortress, ringed by fortified bunkers, backed up by tanks and artillery. If needed we could have vast amounts of air support within minutes of our call. The enemy knows this, and is reluctant to attack this base. That's the strange thing about this war — we fight the enemy on HIS terms, when and where he chooses to fight, he hides during the day and move at night. I suppose that whenever they feel that they are strong enough, they will try to take this base. I will cost them dearly for their efforts.

It is difficult to understand this type of action before in Nicaragua and Guatemala years ago, but never on this phenomenal scale, the communist tactic is to hit and run, strike only when it is in their favor; and to attempt to grind us down to a minimum.

I do not question the necessity for this conflict, because I am a patriotic American, but I can understand the futility of the public in trying to comprehend why we are here. I guess

the war is one of containment. If so, we are winning. If we ever allow the communist to take this country, they'll soon have all of Southeast Asia. Make no mistake about it: Once you strip away the fancy and noble statements about protecting these people from communism, you have left only the justifiably selfish motive of protecting ourselves from our communist scourge — and this we MUST do by containing the spread of communism.

Our efforts and means at times seem amateurish, but we are really new at this game. But if you need proof of the success of what we are trying to do, recall the situation in Korea some fourteen to seventeen years back. There we took no mistakes about it; we could not allow the communists to take South Korea. It was expensive, but it paid off. South Korea is a democracy and strongly pro-western.

Not having control of South Korea to communism, we kept the communist influence in Japan and other far eastern countries to a minimum.

It is worth it? You bet it is! We will love our freedom, and we must accept the fact that it is still to maintain this precious commodity. More next time.

THE FARM FRONT

Today's Pioneers Are Down Under

By Doyle Conner,
Commissioner of Agriculture

In past weeks, I have discussed the rising importance of the agricultural industry in Australia and New Zealand, especially the burgeoning cattle industry.

While the progress made by the Oceania countries in the past few years is nothing short of amazing, the operation at the Parker Ranch on the island of Hawaii, the state of Hawaii.

Now in its 150th year of operation, the Parker Ranch is a 252,000-acre spread covering steep mountain slopes, rich grasslands and cactus-dotted plains.

It employs 174 people to tend to its 44,000 head of cattle, which are raised in prime beef cattle stock, which feed in the rolling paddocks.

A similar story is being repeated today by the pioneers of the Australian and New Zealand cattle industry.

In 1962, after 125 years of operation, the Parker Ranch altered more than a century and a quarter of cattle raising methods, by changing to cow-calf operation.

Not long ago, it takes a young steer off grass and shod to feed feedlots in Honolulu for fattening.

What we know today as the Parker Ranch got its start when John Parker, the founder was first permitted to graze the wild cattle roaming forest and range in 1816.

Parker was given a choice by Kamehameha the Great of killing off the herds of wild longhorns of the Spanish type or taming them in the wild to domesticate them.

CROSSWORD PUZZLE

LAST WEEK'S ANSWER

TODAY'S SERMONETTE

BY REV. J. A. PETERSON
FIRST BAPTIST CHURCH, LAKE HARBOR
To me one of the great texts in the new testament is found in Romans 1-16.
"For I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to everyone that believeth."
Paul says here that the gospel of Christ is the power of God unto salvation to everyone that believeth. The gospel of Christ is good news, in fact the best news that ever came to sinful men. It is God's only remedy for sin; and all mankind are included on one condition, that they believe on Christ as their personal Savior. You can never be saved by living a good moral life for all have sinned. Romans 3:22 and 23.
"There is no difference: For all have sinned, and come short of the Glory of God."
It is not a question of how great a sinner you are, but have you taken Christ as your personal Savior?

Presbyterian W.O.C. Circles Selected Officers For Year

The Holy Spirit — Third Person of the Trinity — was the topic of the introductory study for the W.O.C. Church, participated in by members of three Presbyterian Women of the Church circles at the meetings held during the first week of October.
Organizational meetings for the Everglades Presbyterian Church circles were held in the homes of Mrs. Robert Roadman, Mrs. Tommy Parker, and Mrs. Joe McIlwain.
Members of Circle No. 1, selected the following officers for the year: Mrs. Agnes Thomas, Chairman; Mrs. Richard Murray, Co-Chairman; Mrs. Edward F. Allen, Secretary; and Mrs. Robert Roadman, Treasurer. This circle meets at 10:00 A.M. on the first Tuesday of the month.
Officers selected by Circle No. 3, which met with Mrs. Parker, are: Mrs. James Parker, Chairman; Mrs. Theron Cassandria, Secretary; and Mrs. Lester Towell, Telephone Chairman. Circle No. 3 meets at 8:00 P.M. on the first Tuesday of the month.
Members of Circle No. 4, who met with Mrs. McIlwain in Pahokee, will select officers at a later meeting, as a large percentage of their membership was out of town on this Monday night of the month.
Time was spent at the meetings in introducing the Study Book which will be used during the year, entitled THE HOLY SPIRIT AT WORK, by Rev. James Fraser, and Mrs. Joe McIlwain. The budget for the year, as set by the Women's Council, was accepted by each circle.
A total of twenty-one members attended the three meetings.
The October General Meeting, which members of all circles are asked to attend, will be held at the Everglades Presbyterian Church on the evening of October 17. Members of Circle No. 3 will be hostesses for this meeting, according to Mrs. C. L. Stuart, President of the W.O.C.

Citizens Urged To Observe

World Wide Bible Reading National Bible Week

"The tensions of our times and the day-to-day demands of our furiously stirring world require a reservoir of spiritual strength and renewal both for survival and meaningful living." Rev. Henry G. Galloway, minister of Community Methodist Church said today in urging citizens of Belle Glade to participate in National Bible Week, October 15 to 23 and Worldwide Bible Reading which continues until Thanksgiving. "It was this deep sense of urgency that motivated business and industry to create the Laymen's National Committee, Inc. which will join forces with the American Society this year in publicizing Worldwide Bible Reading."

Worldwide Bible Reading was born in the travail of Guadalcanal 24 years ago. "I am writing you, Mom," said a lonely Marine, "to ask that you read with me a chapter each day. I have been reading my Bible."

Los navegantes portugueses del siglo XV eran los mas atrevidos de la epoca, y la fama de sus descubrimientos volaban por el mundo. Colon se caso en Lisboa con la hija de un capitan que habia navegado por el Atlantico hasta las islas Azores, y en las cartas y diapos de su suegro, estudio las navegaciones del Atlantico y el mismo se embarco en diferentes naves portuguesas en calidad de piloto, haciendo algunos viajes a las Azores, Madeira y las Canarias.

A las dos de la madrugada se oyo el grito de TIERRA! dado a bordo de la Pinta. Las tripulaciones replicaron con entusiasmo: Tierra! Al fin se desvanecieron las sombras de la noche, brillo la aurora y todos los ojos se llenaron de lagrimas viendo una hermosa tierra coronada de vegetacion, y arrullada por los murmullos del mar. Era el 12 de octubre de 1492, fecha para siempre memorable.

225 West Canal St. - Belle Glade

Rams Spear Lancers, 33-6

Leonard out-classed both offensively and defensively lost to Belle Glade 33-6 Friday night.

Soon after receiving the kick the Lancers fumbled the ball to the Rams on the Lancer 37 yard line. On the next play Terry Mann passed to Tim Ervin for a touchdown, with 16 seconds off the clock. Jorge Rodriguez's kick was good making the score 7-0.

After the kick, the Lancers were forced to punt on the fourth down after gaining no yardage on the first three attempts to move the ball. The kick was blocked and the Rams recovered on the 15. Altman lost eight yards on a fumble, but two plays later he went around the right end for the Rams second touchdown with 7:15 left in the first quarter. Rodriguez converted the kick.

Charles Close set up the Rams' next touchdown when he intercepted a Lancer pass on the 21 yard line. Dennis Connell ran threw the Lancer line and then finished the touchdown by walking over

the goal. The play was good for 17 yards.

Vince Colonna of the Lancers received the kick off on his own 20 and ran it for the only Lancer score.

The Rams, slightly jarred, came back to the great scoring form when Altman made the next touchdown on a quarterback sneak.

The last touchdown of the night was on a perfect pass from Close to Jorge Clampa, a 52 yard gain for Belle Glade.

Then Rodriguez kicked the extra point leaving the score 33-6.

Many of the Rams' players were sidelined with injuries, and knee injuries. Those not playing were Gary Resmond, Andy Ballard, Steve McKinley, Mark Whittemore, Bo Shiver, Arthur Jones and Gerald Watson. Two other players were hurt in Friday's game. They were Paul Anderson and Larry Williams.

European Tour Is Great Experience

By Marilyn Stokes
My tour of Europe this summer was one of the greatest experiences of my life. Over 1500 students traveled in different countries to learn their languages. We went with the

American Institute of Foreign Study. Since I chose French as my language I spent 5 weeks in France. The countries I visited were England, France, Belgium, Luxembourg, Germany, Switzerland, and Iceland. Generally there is a lot more country area than city area in Europe when compared to the United States. The country is the most beautiful I've ever seen.

Everywhere you look in Germany there are flowers. The Germans try to make everything beautiful. They have flowers in their windows, yards, and all over the city. Anywhere it is possible to put flowers you will see them and especially roses.

The transportation on Europe varies in different countries. In London they have the tube, which is what we call a subway. There is one track that goes around in a circle. I also saw many double-decker busses and trolly-cars.

In Paris it's quite different. They have the Metro. The Metro has all of different tracks all over the city. They are on different levels underground and this makes it difficult to get from one place to another. You have to keep changing trains and going through tunnels from one train to another. So when you get lost, believe me you are really lost.

The roads in Europe are very narrow and rough, because many were built long before the car was invented. Very few have been improved although they have a few four-lane highways. The people drive very fast for there are

no speed limits in cities or in the country.

Another thing that impressed me was fashions. In London, everyone wears mini-skirts. Not just short like people over here wear, but really short. They are so short it looks as though the girl is wearing a boys shirt. In Paris you see the few mini-skirts. In London the girls have very long hair or very short Twiggy style. Most of the girls in Paris had extremely short hair cuts. Many boys also have long hair.

I really enjoyed my trip immensely because I was able to learn a great deal about the Europeans and the way they live.

Carol Ann Heads Band

For the first time in seven years the Belle Glade High School Band is headed by girl drum major, Carol Ann Williams.

Her past experience as an outstanding performing major and a member of the marching band and concert band has prepared Carol for this position. She already has added color and brilliance to the band's half-time performances.

The Band, under the direction of Fred Stevens, has added many members, including a small group of ninth-graders giving a total of eighty-two. The Band works each afternoon in an effort to present a spectacular half-time show at the football games. They learn new drill, songs, and formations.

Rams Scalp Warriors 12-7

The Belle Glade Golden Rams Junior Varsity, scalped the Jupiter Warriors 12-7 for their third victory.

After a scoreless first quarter, the Rams began a long drive which was topped as Paul Prescott ran the first 10 yard for the score. The kick was wide and as the half ended the Rams led 6-0.

The Warriors gained their only score on a 70 yard punt return and made good the point after touchdown.

Sonny Crawford, of the Rams, made the winning touch down as he received a pass from Bob Alderman. The kick was wide and the scoreboard read, Rams 12, Warriors, 7.

Jupiter Warriors, trying for another score, lost the ball on a fumble recovered by Ronnie Brooker for the Rams.

The club has also decided to serve light refreshments to the boys once a week, after practice.

Plans are being made to promote spirit for the Clewiston vs. Belle Glade game. Money-making projects were also discussed.

Pep Club has voted the two football teams and all of the coaches as their honorary members.

'Blow Up' Far Out, Shocking, Exciting, And Is Worth Watching

By Barry Banks
Blow up is a far out, shocking, and exciting movie.

The hero is a pop photographer (David Hemmings), who in the first part of the movie glides around London taking pictures. On a side trip to an antique shop he happens to notice a couple straying in the park. So he follows them, shooting discreetly, till the girl (Venessa Redgrave) sees him and demands the pictures.

When he refuses, she offers to pose for the film. Wondering why she wants the film, he gives her a different roll and keeps the original.

All at once, as shot after shot is blown up, both photographer and viewer realize that the girl wanted to conceal the murder of her boyfriend.

This discovery presents the photographer with many questions he has to ask himself: Why should he care about the

dead man? about the law? or about society?

After many symbolic scenes that grips the viewer with emotion, The hero wanders through the park. He sees some weirdos playing tennis with an invisible ball; and they then hit it over the fence. The photographer picks it up, looks at it, then throws it back.

This last scene shows the photographer's problem. The invisible ball represents the murder and his failure to come to grips with it. And when he throws the invisible ball back, he shows that he will go along with society and report the murder.

This movie is one of the best art movies made so far. It is made for the viewer to feel emotions about life, and Michelangelo Antonioni who made the film, does this quite well. The meaning from its symbolic scenes makes it worth watching.

300 Scholarships Now Available

General Motors recently announced the continuation of its Scholarship Plan by making available 300 scholarships to outstanding secondary school graduates for the fall of 1968.

There have been eight graduating classes of GM scholars to date, numbering 3,450 scholars. Over 80% graduated in the top quarter of their class, and half of them finished in the top five per cent. The majority of the GM scholars continue their education at the graduate and professional levels. Many are currently following careers in such fields as teaching, engineering, science, business, law, and medicine.

Scholarships range from \$200 to \$2,000 per year depending on demonstrated need. There is no restriction on course of study or career. Applicants must be citizens of the United States. Interested students should see their counselor for a complete listing of the participating colleges, then apply directly to the institutions of their choice. No GM application is necessary.

Big Mouth

Gail D., what's the sudden interest in the song "Billy Joe"? Could it be a certain Palm Beach boy?

Ann T. and Judy W., what happened last Sunday afternoon?

Aggie G., and Melissa H., what goes on in the back of the Ram bus?

Congratulations, Paul W. and Marion M., we hear you have been going together for one year now!

Hey, Terry P., what certain boy from Pahokee has been calling you lately?

Jorge B., what does Clewiston have this B.G. doesn't?

Joan T., why the interest in Indiana? Could it be because of a boy from Cocoa Beach?

We see that Eddie M., and Debbie H. are spending a lot of time together recently?

Audrey M. and Norma R., what happened to you last Saturday?

Dennis C., we hear that you are taking singing lessons in French now. How about that?

Hey, Brenda W., Barbara D., Maria L., Pam W., and Barbara W., what were you all up to Saturday night?

What is this we hear about dancing in Mr. Sander's History class? Could you tell us about it, Gary C.?

Lake Shore

LSHS Seniors Take Test

Last week, Lake Shore High Seniors took the statewide college Senior Placement Test. A student is required to score at least 300 out of a possible 405 points to be admitted to any state supported college or university. The test is in five different groups: Aptitude, English, History, Natural Science, and Mathematics. Scoring is computed in Gainesville and scores will be received November.

Edna Johnson New Page Miss

On Wednesday, the members of the Newspaper Staff elected their Miss Bobcat Page of 1967-68. Edna O. Johnson was born November 1, 1949, in Belle Glade, Florida, to the late Mr. and Mrs. Ira Lee Johnson. She is an active member of the Newspaper Staff, Yearbook Staff, F.H.A. (Future Homemakers of America), and Senior Class.

Edna's ambition is to become a Secretary.

Hall of Science Program Given

On Thursday afternoon, October 5, "The Hall of Science" program was presented at Lake Shore by Neil R. Keiper, who is under the direction of the Southeast School Assemblies. Keiper used his summer experiences in the mines of Colorado as a basis for his talk on geology and mineralogy. He demonstrated various techniques used to identify ultra rays, fluorescent lights and radioactive particles.

Junior Class Elect Officers

On Thursday, September 21, the Junior class held its first official meeting to elect officers. The Junior class officers are as follows: Willie Howard, president; Elise Neely, Vice President; Jeanette Sear, Secretary; Leona Marshall, Treasurer; Sue Rulle, Parliamentarian; Sharon Butts, Business Manager.

Campus A-Go-Go

Expression — Looking at the faces of the senior class Wednesday, you would have to say that "the test was hard — down easy, wasn't it man!"

Fad — The La Vogue Modeling sessions have proved to be very worthwhile to the girls. Right fellows! The wearing of mascara is really something.

Best All Around — Our well known, unbeaten Baby Bobcats have become famous as a team and have acquired the name of "best all around" for the week. Keep the ball going fellows.

Movie — The Tuesday Night Movie was very amusing wasn't it "Tee"? I know you were terrified watching "What Happened to Baby Jane?"

Couple — Even though they live right across the street from each other, they still keep "tabs" on each other. Don't you Joan Powell and Freddy Bass?

Car — Tojo's (Willie McKelvin) 59 Chevy is still making time after almost 10 years. Class — Have you noticed how the young ladies in the 1st floor Physical Education

class are trying to keep in rhythm with the latest tunes? We might have a swinging team one day.

Class To Build Work Shed

This year, the Senior Masonry Class have made big plans for the coming term. Their major plan is to build a masonry shed so that they can do all work out of sun and rain.

Members of the Senior Masonry Class are: Willie Marshall, Fred Holland, Herbert Smith, Harris McBride, Willie Brown, Nathaniel Kyles, George Myrick, Leroy Thomas, Robert Raiford, Johnny Anderson, Larry Ellick and Wilbert Harrison.

The Junior Masonry Class has begun practice in caring for tools, mixing and spreading mortar. Members of the class are: Jerome Abrams, Fred Allen, Jerry Ford, Bruce Williams, James Brown, James Field, Carlton Butler, Jermon Kyles, Robert Graham, Bobby Cooper, Johnny Dunning, Andrew Holzendorf, Willie Carwell, Joseph Engman, Jerome King, Joe Thompson, Melvin Robinson, Bernadine Ellick, and Samuel Graham.

This year the Agriculture students have begun their chores by mending the fence by the Football field. They have also elected classroom and chapter officers. They are: Thomas Moleman, president; Gregory Mizell, vice president; Larry McLemore, secretary; Robert Burton, treasurer; Julius Hamilton, sergeant at arms; Grady Brown, reporter. The Future Farmers of America Motto is "Learning to Do, Doing to Learn, Earning to Live, and Living to Serve."

Grady Brown, Reporter

Edna Grayson, Miss Year Book

The yearbook staff has elected Edna Grayson as "Miss Yearbook" of 1967-68.

Devils Got Bobcats Friday

The Maroon Devils' overpowered Bobcats Friday in West Palm Beach.

The first quarter started with what might seem a run away game for the Bobcats. Charles Walker kicked a field goal with Fredly Allen holding. But the Bobcats' happiness was short-lived when the Maroon Devils slipped around the Bobcats' defense, leaving the score 6-3. The second quarter the Bobcats offense seems to come alive, but failed to score.

The third quarter opened with the Bobcats kicking to the Devils. The Devils failed to move the ball successfully and were forced to punt.

The ball was fumbled and the Devils recovered on the 4 yard line and scored their second touchdown.

The fourth quarter was full of action but neither team could move the ball successfully. So the game ended with a score of 13-3, in favor of the Maroon Devils.

The Bobcats have no games scheduled for the next two weeks. On Friday, October 27, the Mighty Bobcats will tangle with the Fighting Greyhounds at Lincoln Park Academy. Fort Pierce for the homecoming game on the Lake Shore Athletic field.

Sports Editors, Curtis Pierce, Alton Jones.

CAMPUS QUEENS REIGN

NOTICE TO THE PUBLIC

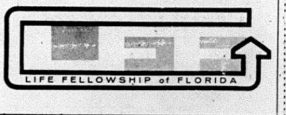

The Life Fellowship of Florida, a voluntary service organization of Chiropractic physicians wishes to announce that they are providing a new service program in protest of the increasingly high cost of health care and the rapid increase in the cost of living. Our members provide all new patients with these services:

1. Examination (including X-rays) at no charge.
2. All children treated at one-half normal office fee.
3. Acceptance of all cases regardless of the condition or financial ability to pay.

Local participating Life Fellowship members are:

Ready for a change to better wireworm control in sweet corn and sugarcane?

One product does a consistently better job in both crops. It's Diazinon® 14G, a granular insecticide that stays active in the soil long enough to give truly effective wireworm control.

Diazinon controls both major wireworm species, and assures you-of uniform stands for a better quality crop at harvest.

And with Diazinon there's no need for special protective clothing or safety devices. As with all pesticides, read and follow label directions.

See your supplier or write us for full information.
